

I wrote it in 1980, in Santa Cruz, California, I fixed up an old banjo for a friend, tuned it to an open D tuning, and the tuned popped out, fully formed! Bob Carlin recorded it in the early 80's. Sadie was a young cat who would beg to be let out the front door, then immediately run to the back door, and beg to be let in! Cheers! Jere Canote

Sadie at the Back Door

Jere Canote
